

# 2025 Pirate Relays Information

Thursday, March 6th / Friday, March 7th

## **General Information**

Starting blocks will be provided and we will be using hip numbers at the time of check in at all running events.

Check in will be at the Red LCP Tent located near the start line and staging area.

Start and Finish lines for the High Hurdles and 100m Dashes will be determined by the wind. We have multiple cameras to use to give our athletes the best scenario for a good time.

Only ¼ inch spikes allowed on the track and jumping surfaces.

You may use tape, or a flat rubber marker for relay exchanges and runway marks.

All Thursday Varsity running events will use the F.A.T. timing system to determine advancers to the Finals on Friday. JV running events will be Finals Only on Friday along with the Varsity Finals.

Varsity Medals/Plaques will be given out on Friday during finals. JV will be bagged and coaches may get them after the conclusion of the meet upstairs in the Press Box.

We will also be working to have live results again through MileSplit Live.

## **Entry Fees and Entry Forms**

Entry Fee is \$150 for each team, \$600 per school for 4 teams. Make Check Payable to "LCP Track".

Entries will be accepted by tx.milesplit only. I will invite your teams once the meet is created. Please enter a time so that we may seed heats appropriately.

All Entries will remain open until 11am the morning of March 7th, to help minimize any changes you may need to make prior to the beginning of the JV field events and varsity prelims on Thursday.

## **Parking, Camps, Restrooms, and Concessions**

Please park buses WEST of the football stadium and south of the softball stadium.

Tents and camps can be on the East side of the stadium in the stands or behind the bleachers. No Radios allowed. There will be no camps in the in-field. The in-field is for warm-ups only. There are restrooms on both the southwest and southeast sides of the stadium and the concession stand will be on the Southwest Corner of the stadium.

## **Entries**

Entries will be done on TxMilesplit this year. I'll be sending an invite for y'all to register. First time using MileSplit, so if there are any hangups, or issues, bear with us as we navigate through them!
