

# 2024 Pirate Relays Information

Thursday, March 7th / Friday, March 8th

## **General Information**

Starting blocks will be provided and we will be using hip numbers at the time of check in at all running events.

Check in will be at the Red LCP Tent located near the start line and staging area.

Start and Finish lines for the High Hurdles and 100m Dashes will be determined by the wind. We have multiple cameras to use to give our athletes the best scenario for a good time.

Only ¼ inch spikes allowed on the track and jumping surfaces.

You may use tape, or a flat rubber marker for relay exchanges and runway marks.

All Thursday Varsity running events will use the F.A.T. timing system to determine advancers to the Finals on Friday. JV running events will be Finals Only on Friday along with the Varsity Finals.

JV and Varsity Medals/Plaques will be given out on Friday during finals including JV Field Events from Thursday.

Coaches please get us a head count for your staff in order to have enough food for the catfish and chicken lunch to be provided on Friday ONLY.

We will also be working to Live Stream the meet on our Athletics Channel. I'll send out more information regarding the Live Stream as we get closer.
